

HOUSING UNLIMITED'S "WELCOME HOME" BASKETS PROGRAM: A fun, rewarding, tax- deductible way to team-build!

www.housingunlimited.org

Housing Unlimited Inc (HUI) has 91 homes and provides affordable, independent housing for 250 adults in mental health recovery. Four out of every ten individuals we serve is transitioning from a homeless shelter. Throughout the year, we also sign 40-50 new tenant leases. Every Housing Unlimited property is equipped with cooking supplies, dishware and basic furniture. The Welcome Home Baskets Program is an opportunity for the community to create heartwarming memories for tenants when they sign their lease as it contains both essentials and items like a picture frame.

How does it work?

Companies or groups collect the new or gently used items from the list below and host a packing party to pack each laundry basket with the items. Some companies choose to host a packing party as part of an already-established training or team-building day. Another option is to contact HUI within two weeks of your scheduled packing party and we can purchase and deliver the items for you to pack! The price per basket is \$60 and underwriting baskets is 100% tax-deductible. Once you pack the baskets (you can wrap them/decorate them or we'll wrap them for you as seen in the picture on this flyer) and we will pick them up for you! Housing Unlimited tenants are usually okay with their picture being taken so we'll make our best attempt to ensure that your team gets to see one of the many lives you touch with your generosity!
